

Are you ready for a new way to look at your health and your life? Are you looking for a dynamic medicine that treats YOU rather than your symptoms? Welcome to True Potential Health Services and my private medical practice that incorporates naturopathic medicine, acupuncture, and Bowen therapy. My goal as an ND is to find your best path to healing by listening and learning from you. No one knows your body or your state of health the way you do. I believe you hold the key to your own well-being. My job is to help you discover what you already know and use it to better your life.

The philosophy of naturopathic medicine is based on six vital concepts:

- | | |
|----------------------------------|----------------------------|
| 1.) The Healing Power of Nature | 2.) First Do No Harm |
| 3.) Identify and Treat the Cause | 4.) Doctor as Teacher |
| 5.) Prevention | 6.) Treat the Whole Person |

As a naturopathic doctor, I practice multiple disciplines. These include nutrition, lifestyle counseling, botanical medicine, homeopathy, physical medicine and stress management. I am certified in acupuncture and practice traditional oriental medicine as well as Bowen therapy.

Working towards optimal health is a lifestyle. Not only do we aim to eliminate and prevent disease, we allow ourselves the experience to thrive in life on many levels. The process of achieving better health is not a ‘quick fix’. It includes a deep look into one’s lifestyle, goals, challenges; a journey that takes time and dedication. I am honored to work with you in pursuit of your optimal health and I look forward to helping you reach your full potential.

The initial visit is approximately 60 minutes. Follow-up visits are usually 45 minutes but can vary in length, depending on the complexity of the issues and the type of treatment applied.

Attached to this letter is your health questionnaire. I would like you to take time filling it out in your home, without distraction. Please read the consent form and fee schedule thoroughly. If you have extended health care coverage for naturopathic medicine, you will be responsible for reimbursement.

I thank you for your interest in health and look forward to working with you.

Sincerely,

Dr. Marcoux
